

## **St Peter's Church Library Catalogue**

**Last edit January 2023**

There are over 300 Christian books in the "library" collection at St Peter's church including many inspirational biographies and autobiographies, Christian classics and devotional aides.

The authors, titles and genre/s of the books have been catalogued, by author, into an Excel spreadsheet which is printed out in this booklet.

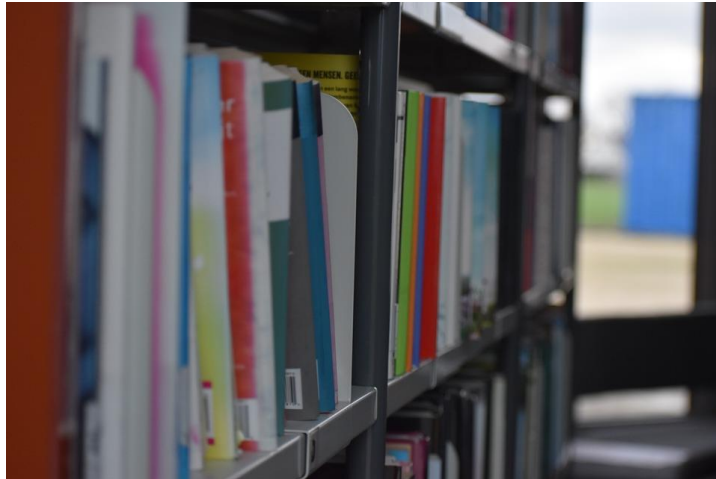

This printed version of the catalogue is a copy of the whole spreadsheet by author and then including sub-sections of the spreadsheet selected under each genre.

A copy of the digital version of the Excel "workbook", which contains the full spreadsheet and also separate sheets for each genre, is available to download as an Excel file, from the church office, on request. With this file you can search within the whole spreadsheet for part of an author's name or part of the title by highlighting a column or area and selecting the word or phrase required using the "Find" instruction. Similarly you can search within any of the genre specific sheets that make up the whole "workbook".

Alternatively, you can receive from the office a PDF version of this whole catalogue booklet which your PDF viewer should allow you to search in a similar way. (Or you can print the whole booklet)

(If possible, we soon hope to have a link to the catalogue via the church website.)

**Please note that all the books in the collection have been donated in good faith by members of St Peter's or St Leonard's churches as suitable to be read by other members of the church family. HOWEVER, not all of the books have been vetted for content and/or opinion or theology, and so cannot be assumed to have the endorsement of the clergy or St Peter's PCC. If you find that any of the books are inappropriate, please do let us know and they will be withdrawn.**

### **Finding and booking-out your book.**

Only a small selection of the books are on view on the trolley at any given time. The remainder are stored in a series of labelled plastic boxes (currently in the south porch). These are sorted in order, alphabetically by author. Please feel free to examine and borrow any of the books **by signing them out in the exercise book on the trolley.**

**On return** please “sign” your books back in and simply leave the book on the bottom shelf of the trolley. Thank you.

### **Small booklets, Oversize books and Bible Commentaries and other children’s books.**

If the title you are looking for is listed as a “booklet” it will be on the trolley with the other booklets on the top shelf.

If it is listed as “oversize” it will be in the larger box with the “T to Z” authors.

There are also some bible commentaries on various books of the bible that are not currently listed in this catalogue. These can be found on the bookshelf near the north door, opposite the “welcome table” and can be borrowed short term by signing them out in the same way as the other books.

We also have a box of children’s books that are not currently listed in the catalogue but are intended for use in church but can also be borrowed.

**Genre Code**

A	Auto biographical
Ap	Apologetics
B	Biographical
C	Children
